

# BREAK YOUR FAST WITH JUSTICE

## WHAT? BOYCOTT ISRAELI BRANDS

## HOW? CHECK THE LABEL

## WHY? STOLEN FROM PALESTINIANS

- Dates grown in "Jordan Valley" or "Israel" or vaguely "West Bank" are likely exported by Israel.
- Look for "Grown in Palestine" or "Grown in Jericho" labels for authentic Palestinian dates.
- Almost all Israeli dates imported to the U.S. are grown on **illegal Israeli settlements**.
- Stolen Palestinian land, natural resources, and exploited Palestinian labor are what drive Israel's settlement dates industry.
