

## BOYCOTT ISRAELI DATES

# BREAK your FAST with JUSTICE

## Brands to Boycott

HADIKLAIM

## HOW?

## CHECK THE LABEL

- Dates grown in "Jordan Valley" or "Israel" or vaguely, "West Bank" are likely exported by Israel.
- Look for "Grown in Palestine" labels for authentic Palestinian dates.

## WHY?

## PALESTINIAN LAND & RESOURCES ARE STOLEN

- The vast majority of Palestinian dates are grown and packaged in Jericho, Palestine.
- Almost all Israeli dates imported to the US are grown on illegal Israeli settlements.
- Stolen Palestinian land, natural resources, and exploited Palestinian labor are what drive Israel's settlement dates industry.
